Dear Mr. McAllister:

The FASEB Conference on "Endothelium and Cardiovascular Function" took place last week. We had 147 participants from 11 different countries. I dare to say that it was a memorable, scientifically truly excellent meeting. Please find enclosed a copy of the final report that I submit to the FASEB office today, for your files. Once more I would like to thank you for your generous support, which helped to make the meeting possible.

With best wishes,

Sincerely yours,

Paul M. Vanhoutte
